

## **Balance Center**

Hello, I'm Dr. Greg Whitman, neurologist and balance specialist at Mass. Eye and Ear Braintree. Many people experience dizziness often due to inner ear problems. Feelings of movement or loss of balance should be diagnosed. At Mass. Eye and Ear's Balance Center in Braintree, we combine specialty consultation and state-of-the-art equipment to give a diagnosis and treatment plan that's right for you. I treat dizzy patients exclusively and welcome the opportunity to work with you. Learn more at [MassEyeAndEar.org](http://MassEyeAndEar.org)
