

The Faculty of Medicine of Harvard University

Date Prepared: October 12, 2018

Name: Jo-Ann Elizabeth Haney-Tilton

Education:

1984	BS	Biology	St. Joseph's University
1987	MS	Bioscience and Biotechnology	Drexel University
1992	MD	Medicine	Medical College of Pennsylvania
2016	Executive Master of Healthcare Leadership (EMHL)	Public Health: Healthcare Finance, Healthcare Regulation	Brown University

Postdoctoral Training:

07/1992-06/1993	Clinical Fellow	Pathology	Harvard Medical School (HMS)/Massachusetts General Hospital
07/1993-06/1994	Clinical Fellow	Internal Medicine	HMS/Beth Israel Deaconess Medical Center
07/1994-06/1997	Resident	Ophthalmology	University of Rochester
07/1997-06/1998	Fellow	Cornea and External Disease	Wills Eye Hospital

Faculty Academic Appointments:

2000-2003	Assistant Professor	Ophthalmology	Tufts University School of Medicine
2004-2005	Assistant Professor	Ophthalmology	Boston University School of Medicine
2004-present	Clinical Instructor	Ophthalmology	Tufts University School of Medicine
2017-present	Clinical Instructor	Ophthalmology	Harvard Medical School

Appointments at Hospitals/Affiliated Institutions:

Other Professional Positions:

2005-2015 Founder and President

Metrowest Eye Group, PC

Major Administrative Leadership Positions:

Local

2000-2003 Director

New England Eye Center, Leominster, MA

2005-2015 CEO/COO

Metrowest Eye Group, PC

1990 President

American Medical Women's Association:

Medical College chapter

Clinical Guidelines and Reports: N/A

Thesis:

EMHL degree Capstone Project: VA Healthcare Reform

Abstracts, Poster Presentations and Exhibits Presented at Professional Meetings: N/A

Narrative Report

I am a physician/surgeon who specializes in the medical and surgical care of patients needing eye care. Having a background as a nursing assistant through college and medical school and research experience during graduate training, plus a year of training in Pathology, my perspective is unique: a wealth of experience gained from my practice experiences, both academic and private. I am able to administer a clinic, teach students and residents, clinically and surgically, and have experienced the construction of a practice from the ground up and all that this entails, from business plans to loans, purchasing, marketing, etc. I have both the experience and credibility to enhance the quality of practice and education of others.

My clinical interests primarily involve the practice of Ophthalmology and medical education. As a Cornea trained surgeon, I receive many referrals for my expertise in anterior segment. Since I no longer teach at the VA in Boston, I started to engage in medical student teaching at Tufts University Medical School and volunteered at MEEI, prior to being hired in a permanent position. Non-clinically, I have a great interest in the care of our nation's Veteran population. My graduate school project focused on VA Healthcare reform and ways to integrate VA health into mainstream US healthcare. I still am in contact with VA leadership.

In summary, having been involved with Harvard teaching hospitals over the course of my career, it is my hope and intention to contribute to and be an example of a standard of excellence.
